SUMMARY

Full Stack Developer with hands-on experience in HTML, CSS, JavaScript, TailwindCSS, React.js, Express.js, Node.js, MongoDB, and Next.js, dedicated to designing and implementing responsive and scalable user interfaces.

WORK EXPERIENCE

Full Stack Developer Intern , Innobyte Services

June 2024 - July 2024

- Successfully developed and deployed a fully functional e-commerce web application using the MERN stack as part of the internship project.
 - Implemented core features such as user authentication, product management, shopping cart, order processing, and payment gateway integration.
 - Integrated email notifications for order confirmation, password reset, and user onboarding using Nodemailer.
 - Followed best coding practices, used Git for version control.
-

PROJECTS

QuoteArt | Next.js, Node.js, MongoDB

- Developed an automation tool using Node.js that generates quotes with dynamic backgrounds and posts them to Instagram & Facebook at scheduled intervals via APIs.
- Integrated Facebook Graph API and social platform auth to enable hands-free content scheduling, reducing the need for manual social media management.

EVTN: Digital Marketplace | Next.js, Node.js, MongoDB

- Built EVTN.org, a digital marketplace where users can buy and sell digital assets such as websites, Instagram pages, and Facebook pages
 - Developed key features including user authentication, asset listing, bidding/contact options, and admin management, providing a seamless and secure trading experience.
-

EDUCATION

Master of Computer Application

2023 - 2025

Mangalayatan University Aligarh

Bachelor of Science

2019 - 2022

CSJM University Kanpur
